

For Safety –

1. Operate only with the instructor's permission, after you have received instruction, and successfully completed the safety quiz
2. Remove jewelry, eliminate loose clothing, and confine long hair
3. Make sure all guards are in place and operating correctly
4. Always wear proper eye protection
5. Make sure all adjustments are tight and secure, and the blade guides are properly adjusted
6. Upper blade guides should be positioned about $\frac{1}{8}$ in. above the work piece
7. Guide the work slowly, letting the machine do the work. **Do not** force the work into the blade
8. **Do not** attempt to cut a smaller radius than the blade will allow
9. **Avoid** backing out of a cut
10. Place hands or fingers on each side of the cut line; **never** on the line. Use a scrap push block.
11. **Never** leave the machine until it has come to a full stop
